BDE PROCEDURE MEMORANDUM

NUMBER: 17-00

SUBJECT: Architectural and Engineering Report and Negotiation
Guidelines for Engineering Agreements and Supplements

DATE: April 3, 2000

This memorandum supersedes and replaces BDE Procedure Memorandum 00-36 dated January 18, 2000.

Background

The purpose of this memorandum is to provide guidelines for the districts to conduct negotiations with consulting firms.

Applicability

The districts will be responsible for the negotiating meetings leading to agreement execution for all Division of Highways agreements except the few agreements which are statewide in scope.

Procedures

The department schedules the time, date and location of the negotiation meeting, along with the project description in the Professional Transportation Bulletin. When the Agreements Unit notifies the firm of their selection, they are reminded of the scheduled meeting date. The firm is also notified that if there is a conflict with the meeting date they should contact the district. Also, the Consultant is informed at this time to send into the Agreements Unit the current payroll rates by classification and employee name of the Consultant's transportation staff and any subconsultants, and all potential direct cost information.

The Standard Agreement Provisions for Consultant Services 1990 and Appendix shall be provided to the Consultant.

Attached to this memorandum is "Architectural and Engineering Report and Negotiation Guidelines for Engineering Agreements and Supplements". It is essential that the instructions and guidelines contained in this attachment be followed and that the report be fully completed and sent to the Agreements Unit with the proposal package for all prime and supplemental agreements.

Items 3, 4, 5, 6 & 7 may be skipped for supplemental agreements. The Consultant must submit to the department current payroll rates for their staff and any subconsultant for supplemental agreements. Failure to do this will cause the department to use old rates on file.

The Agreements Unit will use this report and process the agreement for signature in the usual manner. The attachment may be duplicated as needed for each use.
